SABES Library Update

This winter, the SABES Literacy Library mailed informational packets to the directors of all MA DESE-funded ABE programs. A miniposter to hang in a staff room and a library registration form were included, along with bibliographies on mathematics, transitions/next steps, and the library's class sets. We hope programs have hung up the poster and are sharing the registration form with new staff and others who have not yet used the library.

The SABES Literacy Library online catalog has a new look! Major new enhancements include:

- * A "browse shelf" feature once you've clicked on a given title;
- * Book reviews from *Publishers Weekly*, *Booklist*, *Library Journal* (for some, not all, titles);
- * The table of contents (again, for some titles).

Please explore the new features and tell us how you like them. The library catalog can be found at <www.sabes.org/library>.

Remember, whenever you have resource-related questions or suggestions, please don't hesitate to contact the SABES Librarian at <sandra.darling@umb.edu> or <sabesliteracylibrary@umb.edu> or call 617-287-4074 or 1-877-605-5400.
